# PLATFORM TEST

School: ZSO nr 1, ul. Wilka-Krzyżanowskiego 8, Gdańsk, Poland

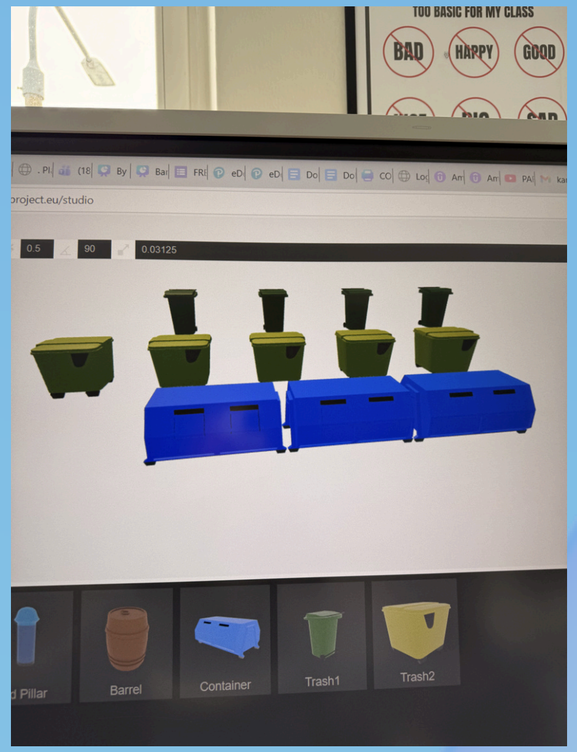
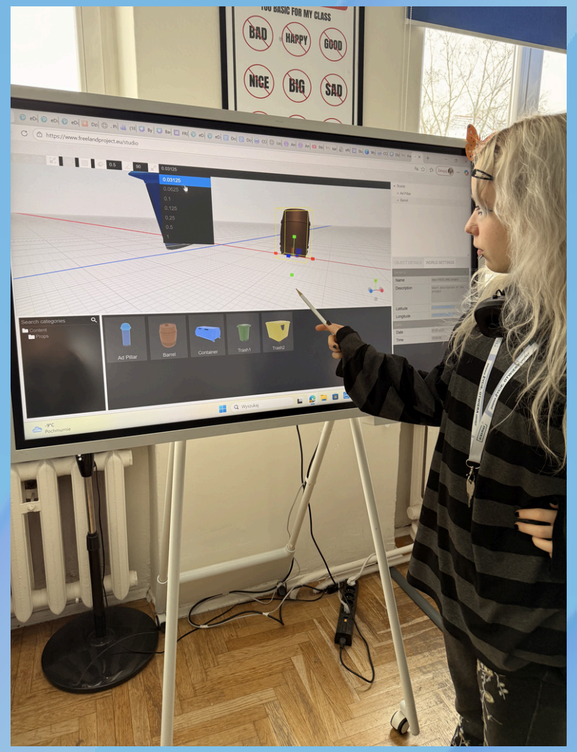
The team: 2C / 1D





Questions from the students:

1. Is it possible to add and name the objects?
2. Could you save the projects?
3. Is there an autosave?
4. Can the objects be given names?
5. Are there more props?

Conclusions: It is great fun, the colours are fantastic, and it would be great if two objects could be moved at once.
